Leighton of Clio were united in marriage at two o'clock on Saturday, June 8, at the Michelson Memorial Methodist Church with Rev. Charles Kolb officiating.

Arrangements of white mums and gladioli decorated the altar and chancel.

Music was by Miss Carolyn Klein who sang "I Love You Truly" and "The Lord's Prayer". She was accompanied by Mrs. Anemari Stancil Bulthuis.

Given in marriage by her father, Beverly chose a floor-length A-line styled gown of organza with lace bodice and sleeves, and hands of lace on the skirt and detachable train. Her veil of illusion was held by a petal-ed headpiece with pearl trim.

Her attendants were Miss Marjorie Johnson, maid of honor and Miss Heather Haines-Roseville as bridesmaid. The attendants were identically dressed in maize empire styled gowns of lace over taffeta with floating back panels and matching headpieces with veils. Their flowers were colonial bouquets of lavender and yellow mums.

For her daughter's wedding Mrs. Johnson wore a light green embroidered silk sheath with beige accessories and orchid corsage.

Mrs. Leighton chose a turquoise Kodel sheath with matching accessories with an orchid corsage.

A reception was held immediately following the ceremony in the church parlors.

The new Mrs. Leighton chose a yellow suit with white accessories, and white orchid corsage as her going away attire.

## County Drainage Districts

By Willard Bessomson  
 County Extension Natural Resource Agent

More interest is being expressed in organizing drainage districts. Formerly drainage districts were associated with draining agricultural land. With new restrictive laws governing the quality of water going into existing bodies of water and with new subdivisions being built a need for drainage districts in this area is seen.

Land owners who feel there is a need for the establishment of such a drainage district may do so in the following manner. They first make an application to the Drain Commissioner. The application must describe the proposed location and route of the drain.

The application must be signed by at least ten landowners in the township or townships where the land to be drained is located. Five of these must be liable for assessment if the drain is established. If there are fewer than 20 landowners in the proposed drainage area, then only one of the signers must be liable for assessment. The Drain Commissioner may require a cash deposit to cover preliminary costs of establishing a drain.

Township governing bodies may initiate an application if they pay a percentage of the cost of the drain and if it is necessary for the public health. After the application is made by the landowners, the drain commissioner must determine the practicality of the proposed drain. He may do this on his own information or he may have a survey made by a surveyor or engineer to determine the area and route of the drain and type of construction most serviceable. The commissioner is not limited to the route described in the application.

If a survey is made it includes detailed plans and drawings for the drain and an estimate of the cost of construction. They survey also indicate the boundaries of the drainage district composed of land that would be benefited by the proposed drain. The expense of preparing these plans and estimates of construction costs become a part of the total cost of the drain which is paid for by the benefitted property owners.

If after the survey, the commissioner rules that the drain is practical, then he files in his office an order designating the drainage district which describes the lands to be benefitted and liable for assessment and the location of the drain and its costs.

If the commissioner rules that the proposed drain is not practical, he must so notify the persons making application giving his reasons in writing. The factors to be weighed in determining practicality are not specified in the Drain Code. Public notice of the order is given in the county newspaper.

## Time To Relax

Very shortly that midyear period known as summer, which starts officially on June 21, will be upon us. For many, it holds a threat of the impending tragedy of riots and strife. One can only pray these forebodings will prove baseless, that summer will once again be as it should — a time when the land is in full bloom.

In thousands of communities throughout the nation, people can look forward to a traditional summer. The lemonade stands will make their appearance along with the backyard hammocks and coal broilers. Long evenings will be spent in repose on porches and beneath favorite shade trees. The incomparable scenery of America will draw usual millions to seashores and mountains.

In the days of dusty roads, barefoot boys and old swimming hole, few were able to enjoy images to faraway vacation spots. Those who now bear a heavy share of responsibility for preserving the purity and beauty of our environment. Actually, summer is no different now than in the days of Mark Twain, and we should enjoy it.

Belmar, N.J., Advertiser: "Today the federal government seems preoccupied with the issue of summer protection. It wants to be sure our package of breakfast food is full and plainly marked; it wants us to be fully aware of the cost of borrowing money. Right now, when many of us are . . . borrowing to pay our taxes . . . we might well wish that benevolent Uncle Sam would worry less about the size and weight of our breakfast food package and how more concern about our plight as harried taxpayers."

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

June 21, 1945

Some 30 newspaper publishers of northern Michigan concluded a week-end conference at Pigeon River State Forest headquarters 13 miles north-east of Vanderbilt Sunday noon. The event marked the district meeting of weekly editors and publishers in the northern part of the state as well as the annual summer business session of the Michigan Press Association's board of directors. Presiding was W. A. Butler of the Holland News-Sentinel, association president. Attending the meeting from Grayling were O. P. Schumann and Robert W. Strong.

At an attractive home wedding held in Petoskey Wednesday evening, Miss Virginia Day, daughter of Mr. and Mrs. J. Glen Day of Grayling became the bride of John Lawrence Dibble, of Roscommon. ## Auto Thefts Cost Americans More Than \$650 Million

In the past year, 671,700 automobiles were stolen in the United States with an estimated value in excess of \$650 million, according to William J. Davis, Western Division manager of the National Auto Theft Bureau.

Mr. Davis noted that the figure does not include the value of a large number of auto accessories such as batteries, radios and tires, or of personal belongings stolen from automobiles.

In 1967 this loss to American car owners was over \$104 million, he claimed. In terms of economic losses resulting from unrecovered cars, the total was more than \$238 million in 1967, Mr. Davis stated.

## Find The Church Of Your Choice

## EVERY JOURNEY...

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## RICHARDS MARSHALL WED IN BAY CITY

St. James Catholic Church in Bay City was the scene of the marriage of Miss Judith Low Richard of Bay City and Curtis M. Marshall of Grayling. The double-ring ceremony was performed by the Rev. Fr. James Miller at noon on Saturday, June 15, before some 500 guests.

Judith is the daughter of Mr. and Mrs. Al Richard of Bay City and Curtis is the son of Mr. and Mrs. Leland Marshall of Grayling.

The bride chose a gown fashioned in an A-line, its mini-bodice framed in rose-pointe Chantilly lace and accented with mock pearls, and styled with scalloped neckline and elbow sleeves. Lace bordered the skimmer skirt, which featured a detachable chapel train held by a triple Dior bow with streamers adorned with lace medallions. A pearl-stemmed crown highlighted with aurora crystals secured her bouffant veil of bridal mist illusion, and she carried a

Cathedral cascade of white fringed carnations and butterfly roses centered with a white cattleya orchid.

Her attendants were her sister, Mrs. Edward Dirla, Jr., as matron of honor, Mary Lee Marshall, sister of the groom, and Martha Szymanski as bridesmaids. They wore apricot A-line karate-line dresses, with empire waists, round necklines and brief sleeves, matching headpieces and bubble veils. Their flowers were cascades of miniature apricot carnations and variegated foliage with avocado velvet accessories.

Brother of the groom, John Marshall, was best man. Thomas as Richard, brother of the bride, and Fred Relchelderfer served as groomsmen, with Joseph Skrzyneckak of Ypsilanti and Theodore Richard seating the guests.

A breakfast at the Knights of Columbus Hall for the bridal party followed the wedding. A dinner and reception at 5:30 were held at the same location, with guests from Detroit, Ypsilanti, Grayling, Gaylord, Cheboygan, Grand Rapids, Birmingham and Illinois attending. Mrs. Richard chose a beige lace costume to greet her guests and Mrs. Marshall wore pale pink. Both wore cymbidium orchid corsages.

The young couple left on a three-week honeymoon in Yellowstone National Park, Wyoming. They will reside on the A-Sable at Grayling after July 1. Judith has attended St. James Catholic High in Bay City, and Mercy School of Nursing in Cadillac. Curt attended Grayling High and has served 2 1/2 years in the U.S. Navy aboard the U.S.S. Dewey from 1959 to 1962.

Given in marriage by her father, Elaine chose a gown of nylon organza with Alencon lace bodice, styled with a high bateau neckline and long sleeves. The empire A-line skirt was graced with a detachable chapel train. Her veil was of organza and Alencon lace petals, with pearl and crystal trim.

Acting as maid of honor was Miss Loraine Hauch, sister of the bride, attired in baby blue crepe dress with brocade bodice and panel attached with a bow. With it she wore a matching headpiece of organza with satin floral cluster and carried blue carnations. Bridesmaid was Miss Martha Hose. She wore a light pink crepe dress with brocade bodice and detachable panel styled like Miss Hauch's, with matching headpiece and satin floral cluster. Her flowers were a bouquet of pink carnations.

Serving as best man was Oliver Angleigher of Higgins Lake. Douglas Zill, Don Hauch and Dale Hauch seated the guests.

For her daughter's wedding Mrs. Hauch wore a deep pink dress with white accessories. Mrs. White chose a white costume with pink accessories.

A reception was held in the church basement immediately following the wedding. Pink and white crepe paper and wedding bells decorated the rooms.

The newlyweds toured the state for a week on their honeymoon. Mrs. Hauch began their trip in a three-piece yellow suit. The couple is residing at 318 Cleveland St., Higgins Lake. Elaine is a 1966 graduate of Houghton Lake High School. John graduated from Frederic High School in 1964 and is in the Army Reserves.

**Outside Mirror Is Mandatory**

LANSING — Michigan has gone to the federal government one better in highway safety, but many state motorists apparently are unaware of it. Secretary of State James M. Hare disclosed.

All Michigan cars must have an outside rear view mirror on the driver's side regardless of what year the car was built, Hare reminded motorists.

He noted that a number of tickets are being written by Michigan law enforcement officers for failure to have an outside mirror.

The federal government's National Vehicle Standard requires the outside mirror on the driver's side to be included on all cars built after January 1 of this year, just as it requires shoulder safety belts.

But the Michigan law, which also took effect January 1, requires an outside mirror on all cars, no matter when they were built.

In addition, all commercial vehicles weighing one-half ton or more must have an outside mirror on each side of the vehicle, Hare said.

# DUST OR DESTINY

**TIGHT-LIPPED:** Tyler, the bat, mouth closed prevents it from emitting the ultrasonic clicks. No clicks, no echoes. No echoes to guide it, the bat crashes into obstacles in its path.

Dust or Destiny, a full color motion picture by Moody Institute of Science in Whittier, California will be shown at the Calvary Baptist Church, 808 Chestnut Street, Grayling, June 23, at 7:30 p.m.

Moody films of which this is one were shown at three world's fairs, Seattle, New York, and Expo 67. Moody films are used in the human relations programs of many industrial firms and have been endorsed by several service club organizations.

Moody films bring out the fact that there is no conflict between true science and Christianity. There are 13 Moody films under the general heading of Sermons for Science, these have been acclaimed by scientists and laymen alike and have received national and international awards.

Many wonders of nature are depicted in the film. The fantastic grunion of California, small fish of the smelt family, are pictured as they come up on dry land to lay their eggs. The camera probes the mysteries of the human body and the uncanny instincts of migrating birds. # ZONING, WHAT IS IT?

By Willard Booserman  
County Extension Natural  
Resource Agent

Zoning is a property protection code. It gives property owners some assurance that their property values will be protected from undesirable land use practices. Actually, zoning is a tool for planning a land use plan. These days of rapid growth population increase some of land use plan is essential to give this growth some direction. If this is not done all of land use conflicts will develop.

Common and Crawford counties have been progressive in respect, because the people early seen a need for development.

Gerrish and Lyon townships in Roscommon county have zoning ordinances for over years. All three also have a code to complement the zoning ordinance.

Key township, Roscommon county and Grayling township, Crawford county, also have a zoning ordinance. Coming up July 8, 1 a public hearing for Higgins township who have developed a zoning ordinance which will include a Green Belt Zone to protect the South Branch of the Ausable river.

# OUTSIDE MIRROR IS MANDATORY

LANSING — Michigan has gone to the federal government one better in highway safety, but many state motorists apparently are unaware of it. Secretary of State James M. Hare disclosed.

All Michigan cars must have an outside rear view mirror on the driver's side regardless of what year the car was built, Hare reminded motorists.

He noted that a number of tickets are being written by Michigan law enforcement officers for failure to have an outside mirror.

The federal government's National Vehicle Standard requires the outside mirror on the driver's side to be included on all cars built after January 1 of this year, just as it requires shoulder safety belts.

But the Michigan law, which also took effect January 1, requires an outside mirror on all cars, no matter when they were built.

In addition, all commercial vehicles weighing one-half ton or more must have an outside mirror on each side of the vehicle, Hare said.

## Chamber Minutes

Regular meeting of Grayling Regional Chamber of Commerce

June 6, 1968, Chief Shoppengons Motor Hotel.

The meeting was called to order at 12:08 p.m. by President Gerald Burns.

Members present: Allan Barkley, Clyde Borchers, Gerry Burns, Ken Carlisle, Chuck Flick, Bill Kraus, Mahlon Riker, and Sal Truettner.

Members absent: Ray Elsey, John Latuszek, Harold Macdon, Ed Rutkowski, and Don Welsler. Also present: Manager Earl Longworth, Secretary Marilyn Longworth, Clyde Cady of the Southgate Motel, and Bernard Fowler (Township Supervisor).

The minutes of the May 23 meeting were approved.

Manager Longworth read an invitation from the Gaylord Alpine Festival asking that we participate in their grand parade on Saturday, June 20. Allan Barkley, "Lumpy" Snuker, at Bear Mountain Community Area volunteered the use of his stagecoach. Among those riding the stagecoach will be Miss Grayling 1968, Vicki Schaefer, and Miss Michigan Winter Sports 1968, Mary Lou Swell.

Manager Longworth also read an invitation from Cadillac's Paul Bunyan Days committee asking that we send a float to their parade on August 3rd. It was felt that the distance involved would necessitate our refusal of their kind invitation.

Manager Longworth read a letter from the Bay City Times with regard to coverage for our area in their Memorial Holiday edition.

### REPORTS OF COMMITTEES:

An estimated treasurer's report was given by Secretary Marilyn Longworth in the absence of Treasurer Latuszek. A list of bills was also presented. After board discussion, a motion was made by Allan Barkley, seconded by Ken Carlisle, that all bills presented be passed for payment. Carried.

Mahlon Riker reported on decisions by his membership committee. It was decided that all 18 delinquent members will be called on by specified board members before June 20 and a full report will be made to the Board at the meeting scheduled for June 20.

The Nominating Committee (Chairman Fick) reported that a list of candidates to fill expired terms on the Board will be ready by the first board meeting in July. They will then be prepared for ballot-form for election on September 1.

Sal Truettner reported on progress of the Betterment of the Community. Some stronger, specific specifications are needed in order to generate more action in the community.

### UNFINISHED BUSINESS:

Manager Longworth reported on his discussion with D. L. Riddle with regard to a Winter Activities Program. Riddle agreed to be the coordinator of this program. Riddle will report to the Board in the very near future.

### NEW BUSINESS:

President Burns apologized for his failure to introduce the new business secretary to the Board. By way of explanation, Marilyn Longworth, who assumed the vacancy left by the resignation of Marge Roper, is so well known to the Board that introductions were not necessary. A cordial welcome was extended to Mrs. Longworth by all the Board.

President Burns introduced a guest to the board, that being Clyde Cady, new owner of the Southgate Motel.

Clyde Borchers discussed with the Board the possible stand by the Chamber for a revision in the present ordinance pertaining to the use on a temporary basis of mobile homes and campers on property owned by the users of these temporary homes. After much discussion by the Board, a motion was made by Allan Barkley, seconded by Clyde Borchers, that the Chamber support necessary action to relieve this restriction on a temporary basis in order that we not drive good future citizens out of possibly making our community their future home. Carried.

Manager Longworth reported on the 1968 Community Industrial Development Review, sponsored by the State of Michigan, Dept. of Commerce. This to be held on June 25, and hosted by the combined efforts of the Chamber of Commerce, Grayling Regional Development Corporation, and the Grayling State Bank. Manager Longworth encouraged all of the Board to attend this Review and be a part of the touring group.

Manager Longworth introduced Bernard Fowler, Grayling Township Supervisor, who reported on the new reapportionment for our County and the revision in rules applying to Township and County Supervisors. Fowler gave a very informative explanation of the new changes to take effect on January 1, 1969.

At 1:15 p.m. a motion was made by Allan Barkley, seconded by William Kraus, that this meeting be adjourned.

Marilyn G. Longworth Business Secretary

## WASHINGTON AND Small Business

BY C. WILSON HARDE

U. S. Spending Curb?

If it gets off the ground, it is possible that the proposed new International Monetary Fund, commonly known as "paper gold" will begin to restrain the political motivated spending of American politicians.

In fact, it may be a major force to cut down, or eliminate entirely, the U. S. foreign give away programs, and in addition into further military adventures such as Vietnam. Going a step further, it may even result in a new era of American isolationism.

The United States balance of trade, on which might be called a legitimate basis is favorable. Although the nation exports about 4 percent of its gross national product, far short of the 10 percent that existed before the crash of 1929, imports have been under that 4 percent, thus the nation is selling more abroad than it buys abroad.

But what has upset the monetary applecart in that with the nation's give-aways, plus military expenditures on foreign lands, the balance of money owed by the U. S. around the world in debts to the money owed to the U. S. is all out of kilter, in fact disastrously so.

Now the so-called "paper gold" scheme is nothing more than a bookkeeping procedure. If a nation owes more than it takes in the International Monetary fund will transfer credits to pay off the debtors, and charge the nation with a loan. Of course this loan must be paid off in time, and it will be impossible for a nation to pursue a course, such as the U. S. to continue their vendetta.

After all, there is no need of any bank having extra loans to either the Hattiesburg McCoy's for the purpose of buying arms and ammunition to continue their vendetta.

As a matter of fact, it is possible that this setup could more to promote peace to the United Nations will be. Obviously, if the monetary fund were asked for additional loans because the U. S. Department wants to get involved in some nation's war, the International Monetary fund "could" have the "final" say.

## Vietnam Vets Have Chance To Earn and Learn

A special opportunity to earn and learn is now available to Vietnam veterans, the Veterans Administration advised today.

Special non-competitive "transitional appointments" now permit new veterans with limited education to go to school under the GI Bill and to work for the Government at the same time.

Robert M. Fitzgerald, Manager of the Veterans Administration's Regional Office in Detroit explained that the non-competitive appointments can be made through the first five Civil Service grades — providing the veteran has less than one year of training beyond high school and has the job qualifications required.

To secure such an appointment the veteran must agree to take at least the equivalent of one full school year of education or training. If this does not give

the veteran a high school diploma, or its equivalent, an expanded program would be worked out.

While the Government has several pay systems, the general salary schedule for the first five Civil Service grades runs from \$3,776 to \$5,535 — higher after the scheduled pay raise this July. In addition, a single veteran going to school, say half time, would receive another \$80 a month under the GI Bill. The rate is \$130 a month for a full time single student.

Fitzgerald pointed out that men who finish high school have an easier time finding a good job and earn on the average about \$2,500 a year more than men with only a grade school education — at least \$1,000 a year more than those who do not finish high school.

Veterans who

school under the GI Bill do not lose any of their eligibility for college training.

Provisions can be worked out for a veteran, either to work part time and go to school full time, or work full time and go to school part time. Generally a student would have to carry at least 25 percent of the normal school workload.

While a few jobs require veterans to pass written tests, many (including the trades, crafts, and laboring jobs) do not.

Under the program, the veteran works for at least one year under the transitional appointment. Then, if the veteran's performance on the job is satisfactory, the transitional appointment may automatically become a regular appointment when the veteran shows the agency he has completed his education plan.

Veterans must have had at

least 181 consecutive days of active duty, some part of it after August 4, 1964, to be eligible for transitional appointments.

Generally, veterans will be eligible for such appointments for one year after discharge or one year after February 9, 1968, (the date President Johnson signed the appointment authority), whichever is later.

Veterans may contact any government agency they prefer. Or they may secure further information from any office of the Civil Service Commission or the VA or at one of the 21 U.S. Veterans Assistance Centers (USVACs). The Detroit USVAC is located at 210 Gratiot at Library.
